

Ice Pro™

automatic ice bagging & dispensing system

\$10,000/yr higher profit than buying packaged ice*

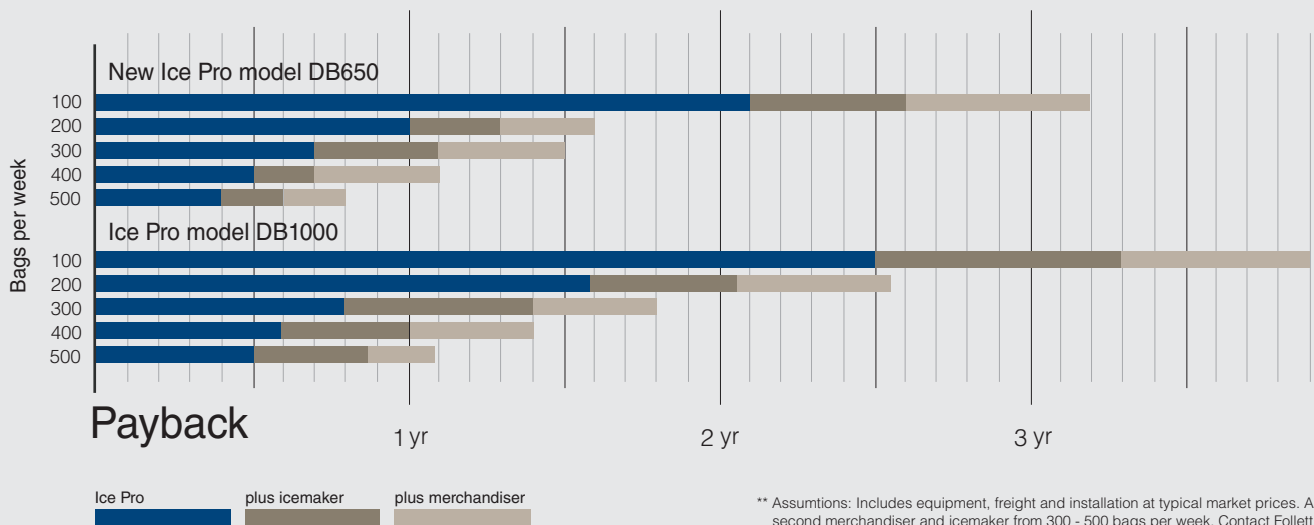

- Reduces packaged ice cost from \$1 to \$0.20 a bag
- 6 to 8 bags a minute
- 85% faster than manually bagging
- Easy – dispenses at the touch of a button
- Safe – no bending into bins or scooping ice
- Sanitary – hands never touch the ice
- Reliable – ice on site, no worrying about deliveries

* Assumes 250 bags sold per week

New, faster payback** includes the purchase of an icemaker & merchandiser!

Ice Pro starts paying you back as soon as it's installed. The more bags you sell, the faster you see a return on your investment. Based on the number of bags you sell per week, find your payback below. You can see an even faster return if you already own an icemaker or a merchandiser.

** Assumptions: Includes equipment, freight and installation at typical market prices. A second merchandiser and icemaker from 300 - 500 bags per week. Contact Follett for complete analysis.

Ice Pro™

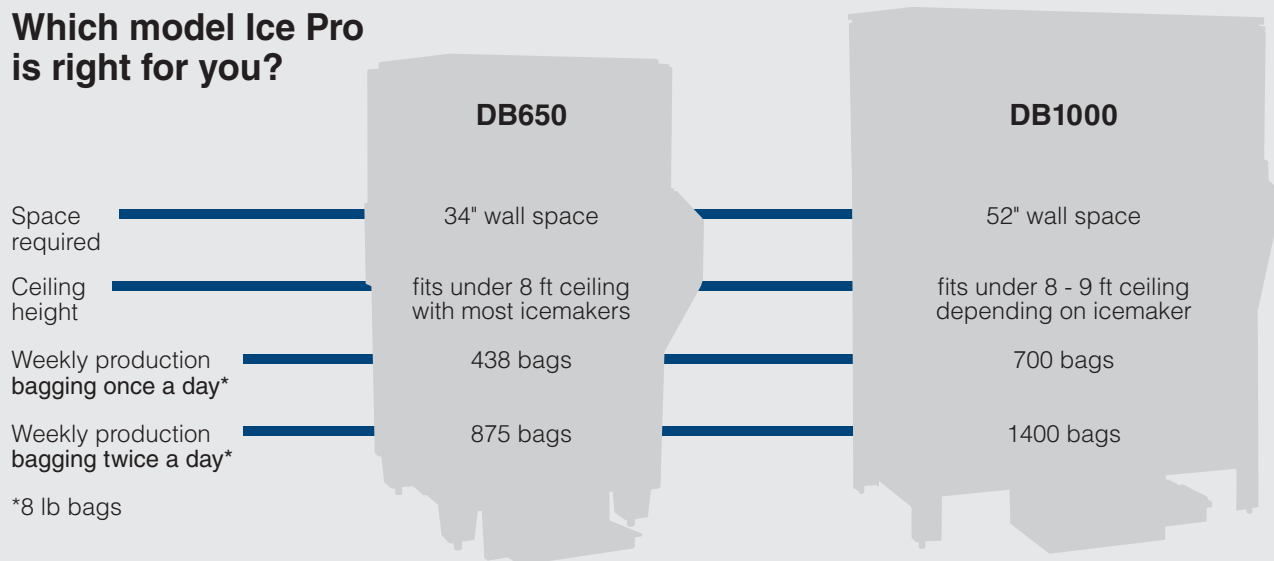

automatic ice bagging & dispensing system

Safest, easiest-to-use, most reliable system

- User friendly control panel minimizes training time
- Blower automatically opens bags for hands-free filling
- Independent agitation system prevents ice from bridging
- Lockable, clear window with interlock switches for easy inspection of ice level
- Dual-position dispense chute – fill bags or carts with the flip of a lever
- Accommodates most cube icemakers and Follett Chewblet® ice icemakers
- Adjustable bag stand accepts up to 20 lb (9kg) bags – lifts off to fill coolers, containers and carts
